**Subject:** Deny 401 Water Quality Permit for the ACP

Governor Cooper, Mr. Regan,

We can do better. This is not good for NC.

Eminent domain should be not used for land to run a pipeline that will cause negative environmental effects that contribute to climate change.

There are greater problems to work on like Duke Energy cleaning up its coal ash dump sites.

We can do better than this pipeline.

Thank you,

Brian Ford  
King, NC
